## European Skijor Harness (Guard Harness)

Product Review by  
Ami Gjeston

via [www.sleddogcentral.com](http://www.sleddogcentral.com)

I first became interested in this harness during the IFSS World Championships 2001 in Fairbanks, Alaska, when race vet Dr. Jerry Vanek asked me if I had seen the type of harness the Europeans were using and how he felt the design was better for a skijoring dog than an X-back harness.

This winter I have run a dog wearing a Guard Harness beside a dog with an X-back and I

couldn't believe that I had never noticed the high angle of the tug line coming off of my belt. The X-back harness was being pulled up in back...could it be affecting how the dog runs or the transfer of power? I can't give a definite answer, but the new harness just makes sense. The following is an excerpt from the product description found on the [Howling Dog Mushing Supplies](http://Howling Dog Mushing Supplies) web site.

"The Guard Harness works better for skijoring than the standard sleddog harness. The line angle between the dog and skijorer (or biker, runner) is steeper than the line angle between a dog team and a sled. When a skijoring line is connected to a typical X-back harness, the steeper angle will cause a lifting force on the harness. The design of the Guard Harness creates a flatter line angle

and the dog's pull force is more evenly distributed."

The only time I wouldn't recommend using a Guard Harness is when training a dog that doesn't keep a tight line. The tug line hooks in at the middle of the back and makes for easy tangles when hanging loose.

The Guard Harness can be purchased at Cold Spot Feeds at [www.coldspotfeeds.com](http://www.coldspotfeeds.com) or Howling Dog Mushing Supplies at [www.howlingdogalaska.com](http://www.howlingdogalaska.com)

## 2002 DSA MEMBERSHIP ROSTER

The roster was mailed to members who indicated on their dues invoice notice that they wanted all club communication sent via U.S. Mail.

The roster is now available on the DSA web site in the Members Only section.  
(If you forgot the password or unable to access it, please contact Thalia)

Copies will also be on hand at the March membership meeting.

There were lots of changes, so please make sure all of your  
address and phone books get updated!

## Education! Education! Education!

On Friday, Saturday, and Sunday of the Plum Creek/CKC shows, DSA sponsored a public education booth about snow dogs. This was done to provide good information to the public in the hopes of helping to offset a mass purchase of 'snow dogs' (as a result of the Disney movie) which could have a serious impact on rescue groups later in the year.

Members of DSA, the Columbine Country Malamute Club and the Rocky Mountain Siberian Husky Club participated by bringing brochures and staffing the booth. During peak times on Saturday and Sunday we had dogs from all three breeds at the booth for the public to meet and learn about. We had brochures and posters on each breed, a poster with a comparison of the breeds, a cautionary poster for anyone considering acquiring any of these breeds, and handouts of all the posters. Public attendance was better than expected since we were located in the agility building. The booth was advertised in several places in the main exhibition building.

Also, a member of the High Country Newfoundland Club asked DSA to participate in a carting demo, which took place on Sunday before Best of Breed. Several Bernese Mountain Dogs and Newfoundlands pulled carts and lined up in the ring and then the finale was Jane Reller's Sydney and Cooper in lead, and Deb Castro's Thunder and Lightning at wheel pulling Jane's Grizzly cart around the ring and then leading everyone around the ring a final time and then outside the ring. The crowd seemed to really enjoy the demo and we received many nice comments. Many thanks to Deb Castro for providing her dogs, staying late, and running with the dogs to guide them around the ring. Also, thanks to Mardee Ward-Fanning who stumbled upon us as we were preparing to go in and helped us get the dogs rolling into the ring and then helped us cart back to the grooming area. (What a wild ride that was!)

DSA Public Education Chairperson*

## Tribute

### Ch Krystall's Misty Moonbeam CD CGC HIC WSX

Nancy and I would like to express our appreciation for the Research donation, kind words and thoughts given to us by the DSA and its members after our recent loss of "Misty Mouse". She was a great joy in our lives for 14 years. She had a boundless zest for life and always made us smile (and often times shake our heads). She will always hold a special place in our hearts.

- Tom Lisec

## Skijoring Clinic/Fun Get Together!

**When:** Saturday, March 16th - 10 a.m. to ?

**Where:** Devil's Thumb Ranch, Tabernash, CO

**What's Up:** After everyone checks in at the lodge, we'll meet and talk at the Yurt at 10 a.m. Then, it's out on the snow to play and learn. Devil's Thumb has some equipment to loan (at no charge for us) and I will have equipment for loan or sale.

**Cost:** \$2 for a dog trail pass (they have over 5 miles of dog trails!); their skijor equipment rentals (a harness/belt) are usually \$3 but they are not charging for us. Ski rentals are \$12 for full day, \$8 for half day. There is food available at the lodge.

**Please bring:** Sunscreen, sunglasses or goggles, waterproof gloves, a hat, and extra socks. Water for you and your dog is a good idea (keep it warm in the car on the way up).

**General directions to get there:** From I-70, go North on US Hwy 40 over Berthoud Pass. Go through Fraser, and look for a sign on your right for Devil's Thumb (Devil's Thumb turnoff is BEFORE Snow Mtn. Ranch). From the highway, you'll drive approximately 5 miles until you enter the Devil's Thumb Ranch.

**RSVP:** Please e-mail Lorrie McAllister at [dogsport@chinookwind.com](mailto:dogsport@chinookwind.com), or [mcallister1@att.net](mailto:mcallister1@att.net) to let her know if you're coming, and how many people/dogs you'll bring, so we can be prepared.

## Liquor Training

Now clicker training's quite the fad.  
Results from some are not too bad.  
The concept stemmed from Pavlov's hound  
Responding to some special sound.

The dog would start to salivate  
Before he got the food he ate.  
The modern click does much the same.  
Enhancing our dog-training game

By causing Fido's hopes to raise--  
Anticipating treats or praise.  
Sometimes you click to no avail,  
And other methods also fail.

No matter how you plead or shout,  
Sometimes the dog just won't put out  
When asked to sit or heel or stay,  
Thus giving you a rotten day.

It makes you feel quite like a fool,  
And then you start to lose your cool.  
But if your methods fail for you.  
There's something else that you can do.

Try "liquor training", that's it's name,  
To help you with your dog-sport game.  
"How does this method work?" you ask  
Well, first you get a little flask

Containing gin or other booze  
Of any kind that you may choose.  
Each time your dog decides to goof,  
You take a sip of 80 proof.

It helps the handler to relax  
And minimize the stress attacks.  
When handler's mood is more at ease,  
The dog may sometimes try to please,

Or, then again may still refuse  
To mind his training P's and Q's.  
But whether foul results or fair  
You liquor train -- you just don't care.

## Colorado State Animal Related Legislation

## DSR Success Letter

"Kyzer"

2/20/02

Hi Sue,

Kyzer seems to be a great fit for our family. The kids just love him & he is always seeking out their company. The baby loves to drape her favorite blanket over him. He just lays there and takes it all in. He had a beautiful old fashioned pink church hat on the other day. I'll have to send you a picture. He is also enjoying his long runs with Parker. They've been running about 10 miles about 3 times a week. On Sundays, they've been running about 16 miles. Parker enjoys the companionship & Kyzer is sad if Parker skips a day

of running. Kyzer is also getting better every day about his running away. We still have to watch him very carefully. We are also having to get used to the dog hair all over the house again. He spends most of his time in the house and is producing tons of tufts of fur.

I was wondering if you could tell me what kind of dog shampoo you are using. Your dogs' coats look so shiny. Kyzer needs a bath & I haven't had much luck with shampoo I've used on our other Samoyeds.

I look forward to hearing from you.

Take Care.

Julie

## 2004 Local Specialty Judges' Nominations

### At the March membership meeting judges' nominations will be taken for the 2004 Local Specialty Show and Obedience Trial!

Every other year DSA selects a Samoyed breeder judge for the breed conformation classes. This is the case for the 2004 show! In addition, nominations for Puppy Sweepstakes, Working Dog Sweepstakes and Obedience classes will be taken. So, start thinking about who you would like to see judge in 2004 and bring your choices to the March meeting!

**We still need a volunteer for the 2004 Local Specialty Chairperson! Support your club and volunteer!**

## Denver Samoyed Rescue Report

no **HOME**, all **ALONE**      February Placements = 3 (1 *referral*)

As of 3/4/02, we have the following Sammies available for adoption:

Male (Buddy)      6 yr      House/Outdoor      Owner  
Comments: 75#. OK with kids, other dogs, and cats. Responds to basic obedience commands. 6' fence required. Is hypothyroid, currently taking Thyroxine meds.

**BUDDY IS VERY CUTE AND ANIMATED!!**

Why: Owner surrender

**Buddy**

Male (Stanley)      5 yr      House/Outdoor      Owner

Comments: 75# Housebroken, not destructive. Has been contained with an electric fence. OK with other dogs, cats and kids. Currently does have a slight limp in his front leg, cause is unknown (excess weight maybe?). **Cute smile!**

Why: Owner surrender

If you know anyone who might be interested, please call the DSR hotline at 303-453-1360, or contact one of the Rescue committee members:  
**Deb Castro, Andi Mast, Thalia Peletis, Jane Reller, or Sue Wangerin.** Thanks!
