## "100" Ways to Help Rescue

This list is not yet complete, it was started by the Newfoundland folks. So many people think fostering is the only way to help rescue. That is just one thing rescue needs, fosters. So you can't foster a dog, here's the on-going 100 Ways to Help Rescue list...please feel free to add other ways people can help without fostering...

Things you can do, other than fostering, to help rescue dogs:

1. Transport a dog.
2. Donate a dog bed or towels or other \*bedding\* type items.\*\*
3. Donate MONEY.
4. Donate a Kong? A nylabone? A hercules?
5. Donate a crate.

## Dog Park Etiquette

Once you and your dog get to the dog park, it's tempting to just stand back and watch all the activity. But everybody will have a much more rewarding time if you observe some basic rules. Dog parks aren't a right, they're a privilege. - please don't let bad behavior ruin things for everyone else.

Always keep your eye on your dog. Mischief can happen quickly.

Never leave your dog unattended.

Always clean up after your dog. Most parks have poopbags or scoopers, so use them. This is a primary reason that dog parks get complaints, so pay attention and **pick up the poop**.

Make sure your dog is current on her shots and has a valid license.

Don't bring dogs younger than 4 months to a dog park. They won't have had all the necessary inoculations that allow them to play safely with other animals.

Don't bring a female dog in season. Spayed/neutered animals are recommended.

Don't bring more than three dogs. It subjects parks to overuse, and if they're not your dogs, you may not have full control over them.

Keep your dog on-leash until you get to the off-leash area. This is not just respectful to other park users, it's much safer for your dog.

If your dog becomes unruly or plays rough, leash him and leave immediately.

If you must bring children to a dog park, supervise them closely.

Don't smoke or eat while at the dog park. Cigarette butts and food wrappers are tempting treats to dogs, but bad for them.

Always observe all of the rules posted at your local dog

park. Each town has its own set of regulations, so please follow them.

## Dog Parks in Colorado

### Aurora

#### Aurora Off-Leash Dog Park

4700 E. Quincy Ave, west of Quincy Reservoir, just east of Pitkin street

After 7 years, this park has been approved. Fencing is being installed and water is planned for Spring 2000.

### Aurora/Arapahoe

#### Cherry Creek Reservoir

cross = Parker Road & Quebec

hours = Daytime

organization = City of Aurora/County

fenced, benches, tables, trees, parking, restrooms, water

comments = On the Platte / Cherry Creek tributary; large open space with extensive access to the water; parking, restrooms; off-leash area with creek, ponds and trails; what started as a 'dog training area' has become an off-leash trail.

### Boulder

1/ Dogs are allowed off-leash in most of the City of Boulder's open space and mountain parks. See their web site for listing.

<http://openspace.ci.boulder.co.us/dogmgt.htm>

#### 2/ Howard H. Hueston Park

34th Street near O'Neal Parkway

benches, tables, handicap access, poopbags, trees, parking, trash; the section near the creek is the designated off-leash section; popular spot for dog enthusiasts.

### Denver

#### Denver Off-Leash Dog Park

666 South Jason Street, large field behind the Division of Animal Control

Fenced, handicap access, parking, water; comments: it's Denver's first dogpark, people are flocking there!

### Fort Collins

Dogpark located at the west end of Horsetooth Rd.

fenced, benches, tables, poopbags, trees, parking, trash

### Littleton

#### Chatfield State Park

Located at C-470 and Wadsworth Blvd

open sunrise to sunset; fenced, benches, tables, trees, parking, restrooms, lights, water; please observe 'voice control' regulations, or keep dog leashed if area full of other park users (dog training area shared with bicyclists, horseback riders, etc). Area volunteers request that no sticks be thrown in pond, as clean-up is time consuming.

## Bits and Pieces

### **Dogs Make You Healthier**

According to a recent study presented to the American Heart Association, people who have pets experience only half the increase in blood pressure under stress than those without a pet. It has long been accepted that the activity of stroking a pet lowers blood pressure, but this is the first time that simply having a pet has been shown to have health benefits to humans.

### **Sick Puppy?**

A survey conducted by a petstore chain reveals that 31% of pet owners surveyed said they had taken at least one day off work to care for a sick pet.

### **Better Dogs, or Bad-Tasting Postal Workers?**

The USPS reports that dog bites are down 6% from the previous year, and credits employee training and greater public awareness as factors in the decrease. The chompin'-est towns are said to be: Houston (49), Chicago (37), Miami (35) and Los Angeles (32).

### **Pregnancy Tests for Pooches (and no rabbits die)**

There is now a blood test to determine if a dog is pregnant. Until now, sonograms or manually feeling for pups were the only methods available to prospective parents. Human pregnancy tests don't work, because they rely on the detection of a hormone which dogs don't produce.

Expect to pay the vet \$20 - \$30 for the test, and results are available in a few days - the wait needed while the blood sample is tested at a lab that runs animal-related blood tests. In the future, the test manufacturer, Synbiotics Corp, hopes to have a home-pregnancy test that requires only drool.

### **Dog Shoots Man**

A German hunter was shot and killed by his dog - the suspect isn't talking, but police surmise that the man placed his gun on the car seat, and when the dog jumped into the car, it landed on the loaded gun, fatally shooting the hunter. Baaaad dog.
