1. Be especially patient with your humans during this time. They may appear to be more stressed out than usual and they will appreciate long comforting dog leans.
2. They may come home with large bags of things they call gifts. Do not assume that all the gifts are yours.
3. Be tolerant if your humans put decorations on you. They seem to get some special kind of pleasure out of seeing how you look with fake antlers.
4. They may bring a large tree into the house and set it up in a prominent place and cover it with lights and decorations. Bizarre as this may seem to you, it is an important ritual for your humans, so there are some things you need to know:
  - \* Don't pee on the tree
  - \* Don't drink water in the container that holds the tree
  - \* Mind your tail when you are near the tree
  - \* If there are packages under the tree, even ones that smell interesting or that have your name on them, don't rip them open
  - \* Don't chew on the cord that runs from the funny-looking hole in the wall to the tree
5. Your humans may occasionally invite lots of strangers to come visit during this season. These parties can be lots of fun, but they also call for some discretion on your part:
  - \* Not all strangers appreciate kisses and leans
  - \* Don't eat off the buffet table
  - \* Beg for goodies subtly
  - \* Be pleasant, even if unknowing strangers sit on your sofa
  - \* Don't drink out of glasses that are left within your reach
6. Likewise, your humans may take you visiting. Here your manners will also be important:
  - \* Observe all the rules in #4 for trees that may be in other people's houses.
  - \* Respect the territory of other animals that may live in the house
  - \* Tolerate children
  - \* Turn on your charm big time
7. A big man with a white beard and a very loud laugh may emerge from your fireplace in the middle of the night. DON'T BITE HIM!

## DSR Memorial

Denver Samoyed Rescue is mourning the loss of one of its greatest supporters, Stanley Yellott. Stanley valiantly battled with cancer over the past year until a brain tumor which developed only a couple of weeks ago, took him from us on November 30th.

Stanley, and his wife Denice Norby had adopted Tavaresh in November, 1997 from DSR. 'Tovi' as they call him, was a 4-month old puppy found as a stray in Utah. In addition, they had adopted their other Sammy, Sugar, from another rescue group. Both dogs became registered therapy dogs through Delta Society, and volunteered with Stanley at The Medical Center of Aurora South. Stanley was also a board member of Denver Pet Partners (DPP) and recently became licensed as a Delta Society Pet Partner Evaluator.

Jane Reller remembers, "I first met Stan and Denice when I went to a DPP summer picnic I saw listed on the DPP web page. I wasn't a member of DPP at that time. I saw a couple with Sammies, so naturally went right for them. When they told me their names I recognized them from when I did DSR thank-you cards. We talked for quite a bit.

After that I would see them at DPP events and training sessions. They were always really nice and I could see truly cared about their dogs and helping people.

I will truly miss Stan. He was a great guy."

Thalia Peletis remembers, "I first knew of Stanley through DSR and as Treasurer. He and Denice made monthly donations to our rescue fund in honor of the Sammies they had adopted. On a personal note, I knew Stanley from my involvement with DPP and Delta Society. He was present in the pet partner training workshop I attended where he role-played a hospital patient and he earned

his nickname, 'Staggerin Stan' as he purposely staggered by the dogs using a walker or cane to see how the dogs would react in that situation.

I took such comfort in knowing he was present in the room when Sunny and I were evaluated as a pet partner team for the first time. I was so nervous! Two years later, when we were re-evaluated Stanley was my evaluator! It was wonderful having a person who not only knew me and Sunny, but knew our breed so well.

He was a wonderful man on so many levels. I will miss his presence very much."

Deb Castro writes, "Thalia and I attended Stanley Yellott's memorial this morning – it was a wonderful tribute! I think having been part of that service gave me an even better appreciation for how lucky we were to have "caught his eye" and shared Stan's generous nature. It sounds as though he loved people and animals all of his life and he was a person who strongly supported (in many ways) the things he really believed in. His was most definitely a life we should all strive (harder) to imitate. I think he would be pleased with how DSR has handled the financial resource he so generously made available for our furry friends. It was immediately evident why he was so fond of Samoyeds – he was always smiling and having fun!!

Please read the DSR success stories on the next page. It's because of individuals like Stanley Yellott that these stories are made possible.

*(DSR has made a \$100 donation to Denver Pet Partners in honor of Stanley Yellott and his contributions to Denver Samoyed Rescue).*

### "Samantha"

November 25, 2006

Ten years ago, I contacted you regarding possible Samoyed's for adoption or foster family. Within three days I was called regarding a Samoyed mix at the Denver Dumb Friends league. My children and I immediately left to visit and upon introduction she was definitely ours. Sam sat down between my son and daughter and never left their side which included upon our leaving to return home an hour later. Upon her visit to our vet, we also learned that Samantha was not a mix but without a doubt a purebred Samoyed.

In December of 2005, we had to give Sammy the last gift possible which was her journey to a land free of pain, not because we did not love her, but because we loved her too much to force her to stay. Sammy was 15 years of age and diagnosed with cancer the September prior. I hospiced my baby until I knew that I selfishly did not want to go on without her. She was the best dog in the whole world!!!!!! Sam camped, fished, swam, hiked, traveled and slept with us. She was surely a friend sent from God!!!!!! Not a day goes by that we do not miss our girl and the sweetness she delivered with her everlasting smile, nudge, or just lying in from of every door she

followed one into. She never left the yard regardless of who we were visiting or where we were camping. She rarely barked and once pulled me back into the house after alerting us about an intruder in the back woods behind our home with her mouth on my pajama pants.

I've attached photos of our Girl from last fall and winter. I just wanted to thank you for the great gift of Sam. Without Samoyed Rescue we would never have known this wonderful pet.

I was wondering if you ever had contact with her original owner or knew the circumstances of her arrival to Dumb Friends of Denver? I thank then with an enormous heart for giving us this precious dog. She gave us ten wonderful years.

Mina Rietsema

## DSR Success Stories

### "Yeti"

November 26, 2006

Dear Denver Samoyed Rescue,

I promised to send Deb an update on Yeti and thought everyone would be interested. He is better than we expected. He has the sweetest temperament, he plays with the kids and is gentle with his play, he only barks when he feels we are not moving fast enough preparing his meals and then he will only give us one or two barks, he willingly uses his kennel, he does not chew on things in the house, he patiently waits to go outside, ...

Yeti has had training. It only took one walk to establish that he should not pull with his nearly 100 pounds of bulk. He now walks in an almost perfect healing position and needs only gentle reminders to stay there. He knows sit, down, beg, and shake. It is obvious he learned all these things with a quick treat reward because he will sit for less than a second then is up and ready for a treat. We are working on the sit/stay and down/stay and I am also practicing with him sitting when I stop during our walks. We have a

ways to go, but at least we are not starting from scratch. He is very cute when he sits and begs. No wonder his previous family rewarded him with so many treats.

His treats from us are mostly head rubs and saying "good boy, Yeti." We occasionally give him a bite of carrot, but he acts as though he is let down by this type of treat.

Giving him his medication is easy. We drop it in with his food and it gets vacuumed up with the beans and the sad quantity of Science Diet RD food.

We took him to the kids' elementary school yesterday and he did great with all the attention he received from the other kids. We used to take Koda (our previous Samoy) to school with us every day. Being a big white, fuzzy dog, she attracted a lot of attention. Likewise with Yeti, and he did great with all the little hands wanting to touch him.

He was obviously well-loved and received lots of attention with his previous family. It's a wonder why the family didn't retrieve him from TMAC.

Let me know if you need or want more information. Thanks for all your help.

Sheila J. Hayter

### "Rosie"

December 5, 2006

I thought you would enjoy a quick update on our wonderful Rosie. Rosie seemed to have no trouble adjusting to our family and quickly made herself at home. She has an absolutely sweet personality, is very well behaved and tolerates anything and everything (she came into our household when our Newfoundland was a 3-month old puppy and has endured all stages of Gracie growing up; now a 110 lb. puppy). Rosie has managed to lose 10 lbs so far (about 10-15 lbs to go) with daily walks of 2 to 3 miles and a better diet. Losing weight has been a big struggle for Rosie since she isn't a very active dog, but now that the cold weather has arrived and she is in her element out in the snow and cold, she has become much more active. We take her up to our place in Allenspark on the weekends and she actually jogs, sprints, and races around in the snow (and wears us out).

Thanks a million for all the work you and the Denver Samoyed Rescue do in ensuring that this wonderful breed of dog has a chance at a happy life and a good home.

Merry Christmas and may 2007 be a wonderful year for all.

## Denver Samoyed Rescue Report

no **HOME**, all **ALONE**

As of 12/11/06, we have the following Sammies available for adoption:

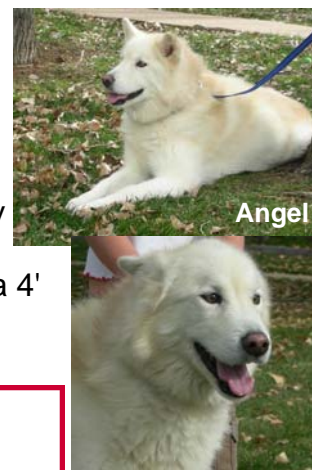

Female (**Angel**)                      7 yrs                      Housetrained                      Boarded

Comments: Alaskan Malamute. Angel does well with children, is spayed, and up to date on her shots. She is afraid of thunder. She would be best as an only dog. She is very loving, knows sit, stay, down, and come and loves the park and walks around the neighborhood. She weighs 65 lb and so far has not left a 4' dog run. She will eat paper if she has access and loves to dig.

Reason: Owner surrender

If you know anyone who might be interested, please call the DSR at 303-453-1360, or contact one of the Rescue committee members:

**Deb Castro, Andi Mast, Jane Reller, Sue Wangerin, Thalia Peletis, or Michele Christian.** Thanks!
